

Lucy Woods, Chief Executive Officer, Viatel

Lucy was appointed CEO of Viatel Holding (Bermuda) Limited in May 2003. Since joining Viatel she has raised \$52m in refinancing, created a new business plan and has relaunched Viatel as a provider of wholesale services and as a provider of IP Services to the business market place.

Prior to this Lucy was CEO of WorldCom EMEA (a \$3 billion business) where she was credited with a major turnaround, taking the company to a high growth, cash positive business, the first pan European cash positive alternative carrier.

WorldCom was preceded by an 18 year career with BT. Lucy held numerous operational, service and marketing roles, worked for Sir Ian Vallance as executive support and as her final role with the company was CEO of BT Northern Ireland & Republic of Ireland.

Lucy graduated in mechanical engineering from Imperial College, is a Fellow of the Institute of Marketing and an Associate of the City & Guilds Institute.

Non executive work included Patten Commission for Policy in Northern Ireland, Director Minor Planet Systems Plc, ex Director Royal Mint and CBI Council Member.
